

Ich war hier!

Ich habe mich sehr gefreut zu
sehen dass Homosexualität so
offen und aufgeklärt behandelt
wird und wurde.

This is a very interesting exhibition
which tells the history of the
gay and lesbian communities here
in Hanover. The story of the struggle
for gay and lesbian rights is universal,
the world over. We need to remember
our history so that we can understand
the journey that has led to the freedoms
and respect of today.
